

Podatkovna
množica

```
graph TD; A[Podatkovna množica] -- razdelitev --> B[Učna množica]; A -- razdelitev --> C[Validacijska množica]; A -- razdelitev --> D[Testna množica];
```

The diagram illustrates the process of splitting a dataset. At the top, a light blue rounded rectangle is labeled 'Podatkovna množica'. A vertical line descends from its bottom center, and a horizontal line branches out to the right, with the word 'razdelitev' (division) written above it. Three arrows point downwards from this horizontal line to three separate rounded rectangles below. The first rectangle on the left is light green and labeled 'Učna množica'. The middle rectangle is light yellow and labeled 'Validacijska množica'. The third rectangle on the right is a slightly darker yellow and labeled 'Testna množica'.
